EXPERIENCE:

Mini project:

♦ Smart Car

Each year, more than a million people are killed on roads and highways around the world and millions more are injured. An effective approach for reducing traffic fatalities is building automatic traffic accident detection system. Thankfully there is developing technology that may soon curb these devastating statistics

Number of team members: 4

Internships:

♦ July 2017

Internship under KELTRON

Five days internship at Kerala state electronic development corporation LTD at Trivandrum regarding power electronics, transformer winding, communication projects and electroplating.

♦ July 2019

Internship under MCET

Five days finishing school programme conducted by Mohandas College of Engineering and Technology.
